DUMAS & LATEST ROMANCE.

MASSANIELLO,
THE FISHERMAN OF NAPLES.
BY ALEXANDER DUMAS.
Complete. Price 25 Cents.

This is one of the most exquisite and brilliant historical remances that has emanated from the pen of the great head of modern fiction. The period and events in which head of modern faction. The period and events in which the hero fisherman, Masaniello, figured, present a more uninterrupted series of remantic and poetical incident, than any other portion of Italian history. Dumas, whose profound genius has exhausted the resources of every epoch upon which his senius has aligned, was never mere thoroughly himself than in Masaniello. The natural grandeur of character of this champion of the people—has fenderness and virtuous affection—and the whole nobliny of his tenderness and virtuous affection—and the whole nobliny of his character—are here delineated with startling power and truth. Not even the magic of Auber's magnificent mosts, in his world-renowned opera, "La Mueste di Portici," so fully estates the longing, craving sympathy with the history and fate of Massaniello, as this work of Dumas. In all the list of pure, exciting and exalting fiction, we know not of another work that can be compared with Dumas's Massaniello.

This is one of M. Sun's ingenious tales of the mysteries of every-day life in a great city. The scene is of course laid in Paris and the story will give the reader an insight into the private life of the honored and distinguished, the wealthy and pions, and also the horrible rascals of that vast metropolis. In the course of this great romance. Sue, (while he adds much to the interest of the plot.) exposes the causes which drive so many thousands of the men of Paris to gambling, robbery and the galleys, and the women to prostruction and the Morrow. While it is entirely free from any oftitution and the Morgue While it is entirely free from any of fensive thoughts or language, it unvails the terrible socials evils that exist in French society.

FROM THE LEADING LONDON JOURNALS.

From The Leadon Moraing Post.

This book must touch the hearts and consciences of men, if their religion be anything more than a pretense. It we powerfully the story is teld, how bodaly and skillfully the churactors are drawn how true its moral, and how severe its sattre, no adequate conception can be formed except by reading it.

From The London Spectator.

It must rank with the ablest of undern productions. Scenes from actual contemporary life are here portrayed with truth and viriences; two great views of the age, formal religion and the origidizes of scriety in favor of wealth are assaided with toiling effect. The story is written with force and with depth of thought."

From the London Chitic.

"A nevel of singular merit, duplaying great vigor of conception and extraordinary skill. There is a freshuese a puncomery a reality in this charming volume not to be found in that of any recont work. We follow Margaret through her trivial, as we would those of our dealest states."

"We have read this remarkable commentary by Judge Jay with increasing delight, as unsurpassed through the topics so clearly progented and so ably discussed. Indeed so luminous is that made to appear which has in some respects been regarded as checure, and so completely exploded is the pro-always sentiment of not a few high in name, who rely on "Hobrow servitude" to sanction chattel slavery, that the lovers of humanity and of God will deem it cause for gratitude that man is protected and the Bible disabused."

"In this treatise which though short must have been a work of no little labor and research, he has completely antibilized the argument drawn from the Bible in justification of Slavery."
